

XE LABEL™ OVERVIEW

Safe Reflections printed and die cut XE Label™ technology provides the ability to easily apply heat laminated, sew on, die cut and PSA labels to a wide range of finished or unfinished soft and hard goods. Ideal for labor, occupational and public safety, Safe Reflections XE Label™ combines multi color print and reflective visibility into safety options for low light brand recognition.

THE POWER OF SAFE REFLECTIONS XE LABEL™

Produced by Safe Reflections, XE Label™ incorporates a wide range of 3M™ Scotchlite™ Reflective Materials along with our own Tribondex™ adhesives for an adaptable, high brightness color ready product.
