

TRIMS

IW™ FR™ HW™

TRIMS OVERVIEW

Safe Reflections supplies a complete selection of reflectivity in finished edge trim and transfer film striping. Enhance the visibility of coveralls, jumpsuits, jackets, safety vests, fire coats, and other workwear for improved worker safety in low-light conditions. Safe Reflections provides an array of High Visibility Lime-Yellow and High Visibility Red-Orange trim options.

THE DIFFERENCE OF SAFE REFLECTIONS TRIMS

Safe Reflections Flame Resistant, Industrial Wash, and Home Wash Trims are made with high visibility silver reflective materials and are laminated or sewn on a high visibility webbing. Within our complete lineup of trims is an ideal occupational safety solution to provide enhanced visibility in all of your uniform needs.
